## About 3RNET

3RNET is the nation's most trusted resource for health professionals seeking careers in rural and underserved communities. We are proud to be a nonprofit organization powered by the National Rural Recruitment and Retention Network. Members of our vast and diverse Network can be found in every state representing organizations that serve the nation's health care safety net.

We've been helping mission-minded job seekers find their first, next, or forever job on 3RNET.org since 1995.

## About 3RNET's Annual Conference

Join 100 attendees, speakers, and fellow sponsors from across the country coming together to learn more about recruitment and retention in rural and underserved areas. Attendees include 3RNET Network Coordinators (who represent over 6,000 employers in rural and underserved areas across the country), federal partners, and more.
